

Service Dogs

The term "Service Dog" refers to dogs that have been trained to assist their handlers with physical, or psychiatric disabilities. The Americans with Disabilities Act (ADA) requires public and privately owned establishments serving the public, such as restaurants, hotels, retail stores, taxicabs, airplanes, theaters, concert halls, and sports facilities, to allow people with disabilities to bring their service dogs onto business premises in whatever areas customers are generally allowed.. Service Dogs are NOT pets., they are considered a medical device, the same as a cane or wheelchair would be.

There is no limitation to what breeds of dogs can be Service Dogs and you are allowed to train your own Service Dog. Our program requires that the dog be (1) year of age and have passed the AKC Canine Good Citizen test before beginning public access, task and/or alert training. Dogs under one year should begin obedience training and socializing by 12 weeks of age.

29K9 Dog Training

Force-Free
Dog Training,
Problem Solving,
&
Behavior

Education without Intimidation.

Who are we?

29K9 utilizes force free training. Education, science and experience allows us to set up a solid communication first so that the dog wants to learn and enjoys the training. Education not intimidation.

A graduate of the CATCH Dog Training Academy, an Animal Behavior College Dog Trainer - Level 2 and Mentor, AKC Canine Good Citizen Evaluator, Therapy Pets Unlimited Evaluator and Doggone Safe Be A Tree presenter.,

Be a Tree

Group Classes

Puppy Class is the AKC STAR Puppy program and is all about socializing and basic obedience on the puppy's level. We also address nipping, jumping and other pesky puppy challenges. Puppies must attend six sessions to graduate.

Basic Obedience class includes the AKC's Canine Good Citizen test at graduation. This class focuses on communication and basic obedience with leash work.

Advanced Classes (proof of CGC required) include the AKC's Community Canine or Urban Canine test at graduation. The focus is advanced obedience with public access.

Other Services

Problem Solving sessions in your home can address items such as door darting, food stealing, chewing .

Behavior sessions in your home address challenges such as resource guarding and reactive dogs.

Therapy Dog Training and Train Your Service Dog are individually paced based upon the goals and tasks required.

Be A Tree Presenter Educate children, families and dog owners about dog body language, safe training methods and how to act safely around dogs to prevent dog bites.

FYI:

All dogs must be up to date (age appropriate) on their vaccines. Dogs should be on a 4 to 6 foot leash (non-retractable) and either a flat buckle collar, head halter or body harness (Easy Walk front clasp harness recommended). Handlers should have soft treats, in pea sized pieces, for rewards, water and poop pick up bags.
